

## IMPORT CUSTOMER ADVISORY- No. 052410

*The Global Team You Can Depend On!*

Carriers have taken annual Peak Season Surcharge (PSS) in the Eastbound trade from Asia to both US West Coast and US East Coast. This increase in ocean freight costs by shipping lines has left us with no alternative but to implement a PSS into these trade lanes to coincide with their actions. Details of the actions are as follows:

ORIGINS	DESTINATIONS	TYPE	PSS	EFFECTIVE DATE
Asia	US Ports and IPI	FCL	\$320 per 20' \$400 per 40' \$450 per 40'HC \$510 per 45'	Sailing date June 1st, 2010
Asia	US Ports and IPI	LCL	\$8 W/M	Sailing date June 1st, 2010

Trans-shipment cargo will also be subject to these increases. In the event any further information is required, please contact your International Account Manager or local Customs Service Team.
