

Korea H.S. Code Requirement

Please be advised that effective January 18, 2010:

- HS code and type of package is required for all import shipment to Korea
- Manifest must be done 24 hours prior to vessel arrival date
- Shipper and consignee information including address, telephone number and point of contact must be accurate
- Container number must be filed

In the event any further information is required, please contact your International Account Manager or local Customs Service Team.
THANK YOU FOR YOUR CONTINUED SUPPORT OF CAROTRANS.
